

Orthodontics

Your smile is often the first thing that people notice about you, so make it count with orthodontics. At Dentrix DentalCare, we can improve your look and maintain your oral health with options like Invisalign®.

A beautiful smile is not only a confidence boost, but it indicates that you have a healthy mouth. Crowded, crooked teeth or a misaligned bite can wear your teeth down or increase your risk of oral health issues, such as increased bacteria or periodontal disease. Patients with any of the following issues may benefit from braces or Invisalign® in NW Calgary:

- Crooked teeth
- Misalignment issues
- Spaces or gaps between teeth
- Overbites
- Underbites
- Crossbites

Teeth Whitening

Dentrix DentalCare offers a whitening system called Zoom. It's a powerful whitening system that uses laser technology to give you a brighter smile in just one visit. Zoom works best when coupled with a recent teeth cleaning. That way, your teeth will be prepared to absorb the treatment.

Most sessions last less than 2 hours and can make your teeth up to 8 shades whiter than they were when you walked into our office.

Young Children?

If you have young children, make sure you clean their teeth **FOR** them. As they grow, brush **WITH** them and supervise how they are doing.

Dental Emergencies

If you have a broken tooth, a possible infection, or an excruciatingly painful toothache, you don't want to have to wait for an appointment. At Dentrix DentalCare, we're available as soon as you need us. We can resolve your emergency dental problems before they get worse.

Contact us at 403-288-5500 for our Market Mall location or 403-289-9908 for our North Hill location. We will get you in to see an emergency dentist as soon as possible!

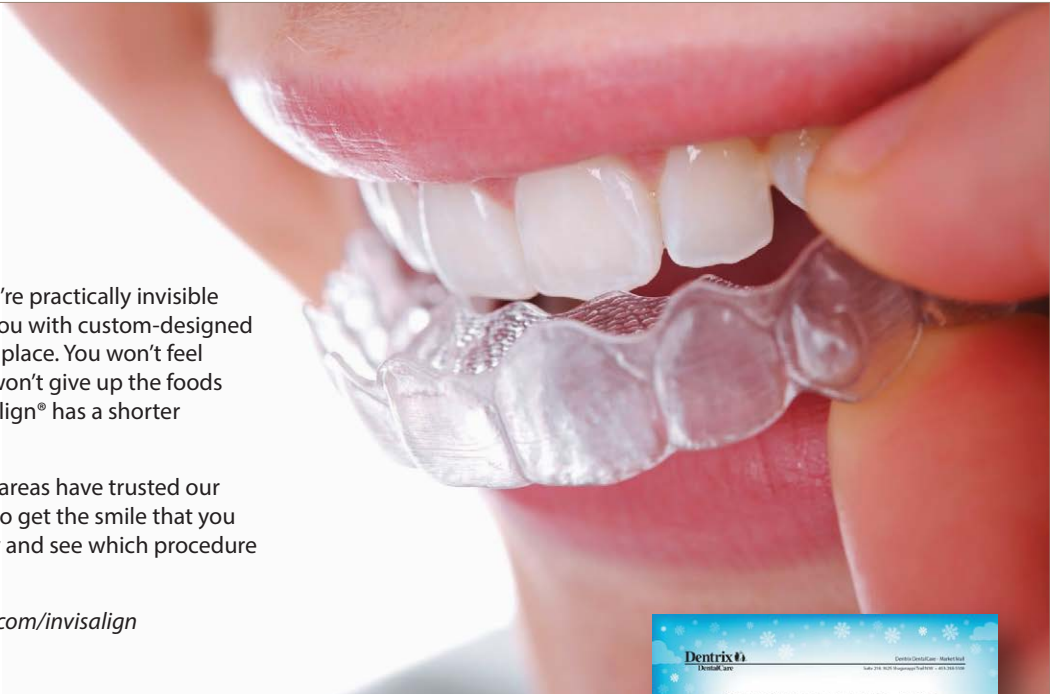

Refer a Friend

Do you know someone who can use our services? We always welcome new patients. Whether it is a friend, family member or colleague, we will make sure we provide them with the same professional treatment you expect from Dentrix DentalCare. Invisalign®

Many adults are turning to Invisalign®, they're practically invisible and they straighten your teeth. We will fit you with custom-designed aligners that gradually shift your teeth into place. You won't feel uncomfortable or self-conscious, and you won't give up the foods you love. Along with looking natural, Invisalign® has a shorter treatment time, typically one year.

Customers in Calgary and the surrounding areas have trusted our skill for the last 20 years. It's never too late to get the smile that you deserve. Contact Dentrix DentalCare today and see which procedure is right for you.
